

How to print your Skipping the Holiday Cards

- 1/ Thanks for downloading. You're one step closer to telling your loved ones you're staying home this holiday. And so should they.
- 2/ Let's print. To make these cards look really good, load the printer with heavier stock 8.5 x 11.0 in paper.
- 3/ Once printed, simply fold in half.
- 4/ Write in your apologies, put in an envelope (don't lick it) and drop in the mail. Then go wash your hands.
- 5/ And if you're still reading this, thank you for staying home this holiday.

THIS YEAR, MY LACK OF PRESENCE
